- I. **Worship and Welcome** - Meeting for Worship for Attention to Business began with worship at 9:00 am. Quaker Life Council Clerk Jean-Marie Prestwidge Barch welcomed us to a new way of working together, to be more efficient and with more shared wisdom. Every few months, there will be opportunities to provide feedback. We should lean on one another as we move forward in this new experiment. We joyfully welcomed new council members Bethann Morgan and Jesse Schafer, who could not attend, and Deb Wood, Kate Bregman, and Selden Smith who were in attendance. And we now have two recording clerks, who will "read minutes into the face of the meeting" that will be approved during the meeting.
  
- II. **Meeting for Learning** - General Secretary Christie Duncan-Tessmer provided background to the Council about Friends Fiduciary Corporation (FFC or "Fiduciary"), the Quaker non-profit where the majority of PYM's funds are invested. Christie taught about how FFC investment services work. PYM has centuries of funds from PYM Quakers that have been invested, some are restricted for granting and programming, but others are unrestricted, used for our general fund and the annual budget. In both cases, we spend the income from the funds rather than the endowment. Most of PYM's funds are invested with FFC because they have strong performance, and they invest it with guidance of the Quaker testimonies. FFC are active owners and use their power as

shareholders to press companies to change practices in line with our values and have made real change with this advocacy. The income we receive is a percentage of the value of the fund as an average over 3 years. We take the standard distribution of 4% every year. The Council discussed the funds that we control, the funds that other entities control, and our income.

### III. **New Business**

- i. *Philadelphia Quarterly Meeting Minute of LBGQTIA Solidarity* - Philadelphia Quarterly Meeting (PQM) shared their of LBGQTIA+ Solidarity with PYM governance. This minute will be read into the minutes at Fall Continuing Sessions. The Council members are encouraged to share this with their Quaker communities. In addition to receiving the minute, the council members should reflect on next steps and actions for individual Friends and/or PYM to take.
  
- ii. *Church World Service Membership* - Clerk Nikki Mosgrove led the discussion about our long-standing relationship with Church World Service, [CWS]. CWS, a national "faith-based organization transforming communities around the globe through just and sustainable responses to hunger, poverty, displacement and disaster," has invited Philadelphia Yearly Meeting to increase our involvement and become a covenant member. CWS has changed the way they bring in members in and invited PYM. Being a covenant member, we would not be a voting member, but we could nominate to the board. We would be in relationship with the work done by CWS. CWS spun off National Council of Churches to carry their worldwide witness. The Council was reminded about the impressive work that the CWS accomplishes. **The Council has approved that PYM become a covenant member of CWS.** A review of this decision, its impact and our continued relationship will be on the agenda at a future sessions.

### IV. **Old Business**

- i. *Essence of a Meeting* - Administrative Council Clerk, Jeanne Elberfeld, reminded us about the conversations that QLC, and to some extent Administrative and Joint Councils, have been discussing around "What is a Meeting?" She described a Friends Meeting in the many ways that it builds a strong bond and spiritual community of service, worship and action. She challenged us to consider what we want to do about the deep conversations around the essence of a meeting that the Councils have engaged in. There was rich discernment about this topic. **The Council referred the work to Ministry and Care. Ministry and Care is tasked to reflect this broader conversation about how being a meeting (or a member)**

**has changed and consider effective ways to share the conversation with the PYM community.** We were reminded that in the future we may want to discuss the way that Quarters work together.

- ii. *September Council Retreat and Orientation* - Nominating Clerk George Schaefer opened a discussion of the retreat with a reminder that trust and active love are important. Accessibility is an important issue for us, including public transportation for the location, location of the screen and access to the materials from the day. Friends discussed creative solutions for the inevitable challenges to be available for everyone. The Council were grateful for the work of the organizers, the fellowship, blueberry syrup, and the work that was completed.

- V. **Review and approve minutes** - Recording Clerks Emily Blanck and Meg Barney read the minutes. **The minutes were approved with some minor improvements.**

VI. **Ongoing Business**

- i. *Nominating Council Report* - Nominating Council Clerk George Schaefer shared their report. Nominating Council met on Zoom two weeks ago and will have to periodically meet to do the discernment of Nominating Council. Nominating Council is very short on new members, with only 6 out of 13 Quarterly Meeting representatives after the next series of nominations at Fall Continuing Sessions. The report is attached. All council members are responsible for providing names for nominating.

VII. **PYM Fall Continuing Sessions**

- i. *Invitation to Sessions* - Clerk Nikki Mosgrove invited all members to attend Continuing Sessions from November 8-10. Saturday, at Arch Street Meeting House, Nikki asked former presiding clerk, Melissa Rycroft will assist the clerk by clerking online. The meeting will be hybrid on Friday and Saturday and on Zoom on Sunday. On the agenda will be the Nominating report, advocacy and lobbying, and several other items. Business will be on Saturday and Sunday.
- ii. *Prepare for Sessions Reports from Councils* - Administrative Council Clerk Jeanne Elberfeld asked for Council members to share ideas in the chat or as an email about what should be included in the Councils' report(s).
- iii. *Proposal for Memorial to the Lost sponsored by Heeding God's Call to End Gun Violence* - The Collaborative, Quakers Ending Gun Violence, sent a proposal to

install a "Memorial to the Lost," on the grounds of Arch Street Meeting House during PYM's Fall Continuing Sessions. Council members shared their experiences with the memorial and its purpose. The Council is sensitive that the memorial might exacerbate trauma the for family members, while also seeing the purpose that the gun violence must stop. The Joint Council is asking the Collaborative to do its due diligence. The Council will share their considerations and cautions with the Collaborative. If the Collaborative cannot have these considerations be done by Fall Continuing Sessions in November, then approval can extend to Spring Continuing sessions or at a future session if further time is needed to address these concerns. The Council has concerns and are clear that the organization must get permission from family members to share victims' names and that there be a pastoral care support plan in action while the memorial is up. **The Council approves that Quakers Ending Gun Violence install this memorial once they can address these concerns.** The Clerks group will assure that the concerns were addressed.

#### VIII. Committees

- ii. *Friends Fiduciary Board Appointment - Michael Homans, Radnor Meeting, has been appointed to the board of Friends Fiduciary.*
- iii. *Finance Committee - Election of distribution rate for funds invested with Friends Fiduciary - The Commonwealth of Pennsylvania requires PYM's Council to adopt a calendar-year distribution rate each year for PYM funds held at Friends Fiduciary. At its meeting on October 3, 2024, Finance Committee united to recommend that PYM accept Friends Fiduciary's standard distribution rate of 4% for 2025. **Council approved a 2025 distribution rate of 4% and including this language about the PYM distribution policy:** "It is, and has been, Philadelphia Yearly Meeting's longstanding policy to seek a total return for the investment assets held by it and entrusted to it, whether the return is to be derived from capital appreciation, earnings, or distributions with respect to the capital or both. PYM has elected to, and intends to continue to be, governed by Section 5548(c) of the Pennsylvania Nonprofit Corporation Law in the determination of "income" from such assets."*

- iv. *Finance Committee - ASMHPT Shared Services Agreement, update for FY25* - CFO Linell McCurry described the Shared Services Agreement, the Schedule A update for 2025, between Arch Street Meeting House Preservation Trust and PYM. Linell shared way Schedule A changed for 2025 and noted that the partnership is going well.
- v. *Governance Advisory Committee - Term Limits Report* - Neil Holzman reported that the Governance Advisory Committee has discussed term limits for the Councils and affirmed the existing term limits of two three-year terms as adopted by Admin Council. The Committee also recommended returning to the practice of appointing to staggered terms. Currently, staggered appointments have fallen out of use. Each Council clerk is encouraged to discuss with their members to discuss how to stagger the terms on their council more evenly. This item needs to be included on a future agenda item. **The Council heard the report with approval for its recommendations.**
- vi. *Program Committee - Report on QLC Envelope funding* - Sue Dietz of the Program Support Committee shared a report on funding for collaboratives. Council members are encouraged to contact Sue Dietz if they have questions about the envelope funding. Sue noted that collaboratives can develop requests throughout the year and don't have to just request funds from the Program Committee annually.
- vii. *Program Committee - Term limits* - Sue Dietz, representing the Program Support Committee, has requested for an exception of term limits for one member because this member has important historical knowledge. There is concern that we keep consistent on term limits. **The Council does not approve the exception.** If the person has specific expertise in a particular situation, the Program Committee is encouraged to consult with this person.
